Regarding Optional Airmail vs. Surface Mail:

U.S. and Canadian customers do not require airmail unless they really need the figs fast or have money burning a hole in their pocket. Travel time for surface mail in the US is about 2 weeks, Canada is often less than a week.

Customers in the UK, EU, Australia and the rest of the world should chose the additional airmail charge if they want the figures to arrive in under 2 months. International Surface Mail really does go by ship, train, dog sled and camel and it takes time.

For International customers who can afford to wait, Surface Mail is exactly the same as to the U.S., including free surface shipping for orders of 8 packs or more.

For 1 pack please add \$2.00 for airmail.
For 2 & 3 packs please add \$4.00 for airmail
For 4 to 7 packs please add \$8.00 for airmail
For 8 to 10 packs please add \$12.00 for airmail
For 11 packs please add \$15.00 for airmail
For 12 to 14 packs please add \$18.00 for airmail
For 15 to 18 packs please add \$22.00 for airmail
For 19 to 30 packs please add \$ 28.00 for airmail

For Orders over 30 packs I will need to contact you regarding the airmail charges as they will depend upon the final weight of the parcel.
